Matt 9:20-22 – December 8

An unnamed woman

Ill for 12 years and it is getting worse.

Continuously unclean and shut off from worship and the community. See Lev 15:25-27

She is alone, unloved and unwanted.

Sin isolates us from society and the things of God and destroys us.

Her physical problem is representative of our spiritual problem.

The Law trapped this woman and could not help.

Mark 5 - “immediately her bleeding stopped and she felt in her body that she was freed from her suffering.”

What does stop me from being fully - DAILY - desperate for Jesus?

Why did Jesus bring her out? Matt 5:15 - because her lamp has been lit.

Jesus is emphasizing the importance of her faith and not her action.

“your faith has made you well”.

The power of Jesus gets applied in my life when I grab a hold of Jesus Christ through faith.

Faith is the conductor that allows the power of God to work in my life.

Many people touched Jesus but only the woman was healed.
